

Leaf Defier – Gutter Protection Systems

Many of our clients are tired of the annual gutter maintenance and are interested in a **Guaranteed** permanent solution. We worked with a number of gutter guard products but only found one superior, long term product solution for our clients.

That Product is the **Leaf Defier System**. An open cell polyurethane insert, specially shaped and cut to fit snugly into your gutter.

No other product on the market offers a 25 year no clog warranty. **Leaf Defier** provides state of the art Biocide, Fungicide and UV stabilizer additives into their product.

Allow us the privilege to meet with you, demonstrate this superior product and document a quote for your review. There are numerous frequently asked questions that we like to discuss in person while demonstrating the product. Ensuring all of your initial questions have been reviewed before you read over the literature we leave with you. Ensuring you are ready to make a well informed decision about this Industry Leading product.
